

Students from Non-Accredited Schools

The Superintendent shall establish a process for validating credit earned by students who transfer into the district after attending non-accredited schools. The District will accept students from unaccredited schools in accordance with such administrative guidelines and procedures and regulations of the Kansas State Department of Education. Placement of students in the education program shall be determined, considering at least these criteria: (1) Past education record; (2) examinations administered by the district; and (3) successful performance at the level of assignment.
